THE ADVANTAGES OF CNC SMART GLASS FILM (PRIVACY FILM, PDLC FILM, SPD FILM)

www.evafilms.com www.HelloGlass.com

- Best optics properties. Light transmittance of smart glass film is highest when power is on.
- Low voltage needed. The lower voltage, the safer to use smart glass film.
- Good at humidity resistance, Thermal resistance, and UV radiation resistance.. The smart glass film can be used in exterior environment.
- Best projection effect. The view angle independence is very wide.
- Save energy, green life.
- Prolonged product life. The life of switching of smart glass film is highly modified.
