LAMINATED GLASS STANDS STRONGLY IN SANDY HURRICANE

www.helloglass.com WWW.EVAFILMS.COM

Peter Shin

The SANDY hurricane attacked New York city.

It's a big news. And many Chinese people talked a lot of it in SINA WEIBO.COM

One photo is welcome retweeted in China twitter: SINA WEIBO.COM

The photo is a glass door that hold back the water outside to prevent the water come in to room.

The photo of laminated glass is here:

The photos of laminated glass tell us that, the laminated glass door is very strong to hold so much water pressure. Second, the door sealing is very good.

Some tweets of the laminated glass are:

Can China glass manufacturers produce such strong glass?

Why does the glass not break?

Is this laminated glass made in China?

俺做玻璃出口。这是PVB夹层玻璃。估计是Dupont的。常发生飓风的，必用。玻璃强度和密封性是两个事情。//@王嘉树_Jason:找找角落，是否made in china? //@巫魅:玻璃不裂?! //@时事周刊:门坚强!

@糗事帝

【Sandy飓风最新报道】新泽西brigantine的网友说已经被水包围，图片上可以看出，屋外水位已经挺高，只靠玻璃门挡水。——国内哪个门窗厂家敢保证如此密封质量？

Some guess, the laminated glass is PVB laminated glass, made of Dupont SGP PVB interlayer. China now have many manufacturer of PVB INTERLAYER FILM and EVA interlayer film for laminated glass.

To produce the world-class one laminated glass for hurricane, there is still a long way ahead.

There are many progress of modification of properties of PVB interlayer film/ EVA interlayer film made, but there should be more innovative progress in the future.
